Required Certifications

- I hereby apply for a Building Permit, and I acknowledge that the information contained in this permit application is complete and accurate. I understand this is not a permit and work is not to start without a permit being issued by the Township.
- I understand and hereby agree that the work for which the permit is issued shall be performed according to the details submitted in the permit application; the only permitted work is that which is within the scope of the plans and specifications submitted with the permit application, and the work is subject to all conditions of the permit and the approved plans and specifications. I further understand any or all work conducted beyond those of the submitted and approved plans/specifications may require additional permits.
- This permit becomes null and void if work or construction authorized is not commenced within 180 days, or if construction or work is suspended or abandoned for a period of 180 days at any time after work is commenced.
- I HEREBY CERTIFY that I have read and examined this application and all accompanying documentation and know the same to be true and correct. All provisions of laws and ordinances governing this type of work will be complied with whether specified herein or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating construction or the performance of construction.

The Town Zoning Administrator or Building Official may deny building permits, or require conditions for the purpose of protecting the natural environment and public health, safety and welfare, or for any reason deemed inconsistent with the Comprehensive plan, Zoning Ordinance, or other Township regulation. Denial of or conditions placed upon a building permit may include, but are not limited to:

1. *Structure design that contributes to or causes environmental degradation*
2. *Lots or plats that are unique and susceptible to drainage, runoff, and erosion.*
3. *Situations in which a professional specialist review, certification, or completion of work is deemed necessary by the Zoning Administrator.*

Don't Forget: Operation of tracked grading equipment on Town Roads is prohibited per State Statute 169.72.

Valuation: _____
Notes: _____

- I acknowledge that if the permit application is submitted without ALL of the required submittal documents this permit will be delayed.
- I acknowledge that if building plans change, additional permit reviews, fees, and/or applications may be required.
